First Name : Alexandra

Family Name : ACHAB ALI

Email : yveltale@gmail.com

Date first registration : 2021-01-09

Unique ID : 2CF2088E-B69A-7144-A32B-59CDA46A9103

Doctoral student's department : MECA

Thesis information & supervision

Thesis Title : Investigating the molecular and functional consequences of a novel interaction between tumour suppressor PTEN and the polarity complex protein PATJ

Funding : Type Financement

Research unit : UMR_S 970 / Centre de recherche cardiovasculaire PARCC

Director of the research unit : SILVESTRE Jean-Sebastien

Team : Physiopathologie integrative et therapies des pathologies cardiaques

Team leader : SILVESTRE Jean-Sebastien

Thesis supervisor : SILVESTRE Jean-Sebastien - darraotv@gmail.com

Member of the CSI committee

Member #1 : Paul Debris - elio.darras@gmail.com

Member #2 : Pierre Miaou - darraselio@gmail.com

Evaluation by CSI Members

Has the research question been clearly and adequately defined?

Evaluation : NotAddressed

N/A

Does the doctoral student have a comprehensive understanding of the research process and the tasks to be completed prior to the defense?

Evaluation : +

N/A

Is the research progressing as expected? If not, would an extension of the thesis preparation period allow for a successful defense?

Evaluation : NotAddressed

N/A

Have all the scientific, material, and financial requirements necessary for the doctoral project been fulfilled?

Evaluation : +

N/A

If the doctoral student is preparing his/her thesis within a collaborative framework, are the conditions satisfactory?

Evaluation : NotAddressed

N/A

How effectively are the thesis director or co-directors managing the supervision?

Evaluation : +

N/A

Is the communication between the doctoral students and supervisors satisfactory?

Evaluation : NotAddressed

N/A

Is the doctoral student well-integrated into the research team or unit? Does he/she feel isolated?

Evaluation : +/-

N/A

How motivated and determined is the doctoral student to progress with his/her work?

Evaluation : +/-

N/A

Are there any signs of demotivation or discouragement?

Evaluation : -

N/A

Is the doctoral student at risk of psychosocial stress?

Evaluation : +/-

N/A

Written output (progress report, bibliography review, article, conference abstract)?

Evaluation : NotAddressed

N/A

Has the doctoral student been educated on research ethics and scientific integrity?

Evaluation : +/-

N/A

Are the doctoral student's presentation skills up to par?

Evaluation : +

N/A

Does the doctoral student have opportunities to broaden his/her scientific culture?

Evaluation : NotAddressed

N/A

How is the training portfolio progressing?

Evaluation : NotAddressed

N/A

How is the preparation for the doctoral student's future career progressing?

Evaluation : NotAddressed

N/A

Conclusion and recommendations

Conclusion : fgernoufdnipe,id

Recommendation : The committee disapproves of the re-registration

Comment on the recommendation : grneuodfk
